SANCAL

EXPLICACION DEL MODELO

Con Happen todo puede suceder, es pura versatilidad. Su amplia modularidad nos proporciona multitud de posibilidades.

Happen cuenta con piezas diferentes que satisfacen nuevas necesidades, entre las que destacan las 5 posibilidades que ofrece para los brazos: ancho, estrecho, bajo, brazo-almohada y un módulo-mesa que nace con el fin de aunar zonas de asiento con zonas de apoyo para distintos objetos. Existe también un gran número de piezas para crear ángulos, un módulo con doble fondo y un terminal asimétrico de medidas muy contenidas. Los puf funcionan sueltos e intercalados entre los módulos, además de formando rincón. A las piezas con mesa tapizada podemos incorporar una lámina de cristal fumé.

Para satisfacer el mayor número de preferencias posible, Happen nos permite elegir la altura del respaldo. Las opciones son 84 y 74cm. En el catálogo sillones, sofás y módulos están identificados como respaldo alto y respaldo bajo. En composiciones modulares podremos combinar almohadas de ambas alturas.

Pese a sus elevadas dosis de customización, la esencia de su diseño siempre permanece. Happen es reconocible por su simplicidad formal, por su pureza y sencillez.

Detrás de su fina base se oculta una sólida estructura. Gracias a unas discretas patas de madera tintada esta fina base parece flotar.

Los almohadones de asiento son generosos y destacan por su amplia y confortable sentada, la cual ha sido confeccionada de forma especial con una capa superior de viscoelástica de 6cm que maximiza su comodidad y durabilidad.

Cada pieza incluye su correspondiente almohada riñonera. Para facilitar los pedidos con almohadas riñoneras en tejido diferente a la base, en la tarifa se puede consultar el precio de las almohadas de respaldo en cada una de las series de tela y piel. Para pedidos con almohadas en series distintas a la base usar la siguiente fórmula:

Precio composición = (precio módulos – precio almohadas en misma serie) + precio almohadas en distinta serie.

La unión de módulos se realiza mediante carracas.

Happen es desenfundable en su totalidad cuando está tapizado en tela y sólo las almohadas cuando lo está en piel o piel sintética.

DESCRIPTION

With the Happen anything can happen; its unsurpassed degree of modularity means that it can fit into virtually any project.

The design boasts no fewer than five arms; wide, narrow, low and with an arm-cushion. An innovative table-module can be joined to a seating area. Even the angles push the boundaries of what is possible along with an asymmetric terminal module. The poufs can be used as loose items or with the modules – or they can even be used as corner elements. Two back heights are available: 84 and 74cm (identified as high back and low back in the price list.) Compositions using differing height cushions can be made by using the modules.

Despite permitting such a high degree of customization, the essence of its design remains. The Happen is instantly recognizable by its effortless formality, purity and simplicity.

The wide seat cushions are exceptionally comfortable with a generous 6cm topping of memory foam.

Each piece includes a lumbar cushion. To order lumbar cushions in different fabrics, please consult the back cushions section for the cost. The total price for compositions with cushions in a different price series to the base will be calculated as follows:

Price of the composition = (module price – price of cushions in same series) + price of cushions in different series.

Modules are ratcheted together.

Fully removable covers when upholstered in fabric, but only the cushion covers can be removed when the piece is upholstered in natural or synthetic leather.

CARACTERISTIQUES

Avec Happen tout peut arriver... c'est de la pure versatilité. Sa grande modularité donne de multiples possibilités.

Happen est composé de différentes pièces qui répondent à de nouvelles nécessités. 5 types de bras : larges, étroits, bas, bras-coussin et un module-table qui a pour but de rapprocher les zones d'assise aux zones servant à poser certains objets. Il existe aussi un grand nombre de pièces afin de créer des angles , un module à double fonds et un terminal asymétrique aux dimensions raisonnables. Les poufs s'utilisent seuls ou intercalés entre les modules, en plus de servir d'angles.

Pour satisfaire le plus grand nombre, Happen permet de choisir la hauteur de dossier: 74 et 84cm. Dans le catalogue les fauteuils, canapés et modules sont répertoriés comme dossier haut et dossier bas. Au sein d'une même composition on pourra utiliser en même temps les 2 types de dossier.

Happen est reconnaissable par sa simplicité formelle, pour sa pureté et pour sa très haute customisation.

Derrière sa base fine se trouve une solide structure. Grace à des pieds bois teintés très discrets, la base paraît flotter dans l'air.

Les coussins d'assise sont généreux et se distinguent par leur grandes et confortables assises, lesquelles sont fabriquées de manière spéciale avec une couche supérieure de mousse viscoélastique de 6cm qui augmente le confort et la durée de vie.

Chaque pièce est livrée avec son coussin cale-reins. Pour faciliter les commandes avec des coussins cale-reins dans un tissu différent du reste, on pourra trouver au tarif les coussins cale-reins dans toute les séries de tissu et de cuir. Pour les commandes avec des coussins réalisés dans des séries différentes de celles de la base, utiliser cette formule:

Prix total: (prix des modules – prix des coussins dans la même série) + prix de coussins dans une autre série.

L'union des modules est faite au moyen de pièces d'union.

Happen est 100% déhoussable dans sa version tissu, et seuls les coussins sont déhoussables dans les versions cuir et cuir synthétique.

SANCAL

IMPORTANTE

Las piezas de sirven montadas en todas sus medidas.

Los brazos anchos y bajos son fácilmente desmontables para facilitar el acceso a las viviendas. Por el contrario el brazo estrecho no lo es.

En tela, para las referencias con más de una almohada de asiento, las bases son desmontables en destino, excepto: el módulo de 160, el ángulo de 166 y el sofá de 172cms.

En piel o piel sintética ninguna referencia es desmontable.

Happen incorpora instrucciones de montaje y desmontaje.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido.
La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.

IMPORTANT

To aid delivery, the wide and low arms can be removed, however, the thin arm is fixed. The 160cm module, 166cm angle and the 172cm sofa can be split in two if upholstered in fabric.

The product includes disassembly and reassembly instructions.

Natural and synthetic leather products cannot be dismantled.

Orders for modular combinations must include a plan when placing the order. Left and right are taken to be as facing the piece.

IMPORTANT

Tous les éléments sont livrés montés dans toutes les dimensions.

Les bras larges et les bras bas sont facilement démontables afin de faciliter les livraisons. Par contre les bras étroits ne sont pas démontables.

En Tissu, les structures de tous les éléments avec plus d'un coussin d'assise, sont démontables à destination, à l'exception de ces produits : module de 160, angle de 166 et canapé de 172.

En cuir ou cuir synthétique les éléments ne sont pas démontables.

Instructions de montage et de démontage fournies.

Un plan est nécessaire pour toute composition modulable, vue de face.

CARACTERISTICAS TECNICAS

TELA

- Estructura y almohadas totalmente desenfundables.
- Estructura de madera recubierta de espuma CMHR de 30kg y fibra de 100gr con velour.
- Bastidor de asiento preparado con cincha NEA de 80mm.
- Bastidor de respaldo preparado con cincha NEA de 60mm horizontal y confeccionado con espuma de 40kg y CMHR de 30kg.
- Brazos: estructura de madera confeccionada con espuma de 40kg y CMHR de 30kg.
- Módulo mesa: estructura de madera recubierta de espuma de 40kg y CMHR de 30kg.
- Almohada brazo: espuma CMHR de 30kg y fibra 100gr.
- Almohada de asiento: espuma de densidad diferenciada con una capa superior de viscoelastica de 6cm. El almohadón va recubierto de fibra poliéster H250 termofusionada y funda interior de algodón.
- Almohada de respaldo: espuma de densidad CM de 25kg y CMHR de 30kg recubierta de fibra poliéster.
- Almohada riñonera: funda de algodón rellena de FiberDream (microfibra tacto plumón).
- Patas en madera de haya tintada de color wengue.
- Tapa de cristal templado acabado fumé gris.

PIEL

- Estructura fija y almohadas desenfundables.
- El resto de características son idénticas a las de la versión tapizada en tela.

TECHNICAL CHARACTERISTICS

FABRIC

- Fully removable base and cushion covers.
- Wooden structure covered with CMHR 30kg foam and 100g fibre shell.
- Seat area fitted with 80mm NEA elastic webbing.
- Back area fitted with 60mm NEA elastic webbing and CMHR 30kg and 40kg foam.
- Arms: wooden structure covered with CMHR 30kg and 40kg foam.
- Table module: wooden structure covered with CMHR 30kg and 40kg foam.
- Arm cushion: CMHR 30kg foam and 100gr fibre.
- Seat cushion: multilayered foam with memory foam top layer. Cushion covered with a H250 thermofused shell covered in an unwoven fabric.
- Back cushion: CM 25kg and CMHR 30kg foam covered with polyester fibre.
- Lumbar cushion: cotton cover filled with FiberDream (a down-touch microfibre).
- Solid beech feet in wenge.
- Tempered glass top grey smoked finish.

LEATHER

- Fixed base, and removable cushions.
- The remaining technical specifications are the same as those for the fabric version of the product.

CARACTERISTIQUES TECHNIQUES

TISSU

- Structure et coussins 100% déhoussables.
- Structure en bois recouverte de mousse CMHR de 30kg et fibre de 100gr avec velours.
- Châssis d'assise préparé avec des sangles NEA de 80mm.
- Châssis de dossier préparé avec des sangles NEA de 60mm horizontales et confectionné en mousse de 40kg et mousse CMHR de 30kg.
- Bras: structure en bois et mousse de 40kg et mousse CMHR de 30kg.
- Module-table: structure en bois et mousse de 40kg et mousse CMHR de 30kg.
- Coussin-bras: mousse CMHR de 30kg et fibre 100gr.
- Coussin d'assise: mousse de différentes densités avec une couche supérieure de mousse viscoélastique. Cette couche est recouverte de fibre polyester H250 thermo-fusionnée et housse intérieure coton.
- Coussin de dos: mousse de densité CM 25kg et CMHR de 30kg recouverte de fibre polyester.
- Coussin cale-reins: housse coton garnie de fibre FiberDream (microfibre toucher plume).
- Pieds en hêtre teintés couleur wenge.
- Plateau verre sécurit finition gris fumé.

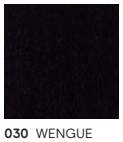

CUIR

- Structure fixe et coussins déhoussables.
- Le reste des caractéristiques sont identiques à celles des modèles en tissu.
