

Specification of Installation

In order to ensure safety use, please notice the following items:

1. Read and understand this whole specification.
2. Please wear cotton gloves during installment to avoid scratches on the surface of lamp.
3. Please consult a qualified electrician when fitting. If there are any abnormalities, do not install.

When installing any electrical item, please make sure all mains electricity supply is isolated, and use an appropriate testing device to make sure no power is present at the fixture before you begin work. We will not take any responsibilities for any breakages caused by incorrect installation.

1. Put the dove on the corresponding contacts.
2. Check if the installation is completed and turn on the power.

Voltage: 110~220V 50/60Hz Bulb: LED 20W
